TITLE: EMANUEL KOLKO
IS-C

NY 694-S advised on 1/2/57 that according to EMANUEL KOLKO, son-in-law of WILLIAM Z. FOSTER, KOLKO was recently in contact with GEORGI ZARUBIN, Soviet Ambassador. ZARUBIN told KOLKO in strict confidence that upon his return to the Soviet Union, he would be in charge of the American Department of the Foreign Ministry. ZARUBIN emphasized the confidential nature of this information. He also said that he would remain in the USA "a little longer than anticipated."

KOLKO stated he would visit the Soviet Union in the near future and that, while there, he would stay at ZARUBIN's home. He indicated that his visit would be of short duration. KOLKO requested that NY 694-S regard the information above as highly confidential. The NYO recommends that no dissemination be made of this information ~~at this time~~.

NY 694-S states that it would be to Bureau's advantage that KOLKO go to the Soviet Union since KOLKO undoubtedly would furnish the informant with a report of his activities there.

SUBJECT: COMMUNIST PARTY - USA

INTERNAL SECURITY - C

Re Bureau airtel dated 12/30/57.

CG 5824-34 was advised immediately upon receipt by the Chicago Division of information received by NY 694-34 that TIM BUCK would not return from abroad until "after the end of January".

The first reaction of CG 5824-34 to this information was that possibly the Russians desired to have a representative of the Communist Party - USA in Russia while BUCK was still there so that joint discussions could be carried on between the Labor Progressive Party, the Communist Party of the Soviet Union and the Communist Party - USA. CG 5824-34 is of the opinion that this might explain the reference to a two-week period which was not clear in the original information received through LESLIE MORRIS.

It is noted that CG 5824-34 had transmitted the original information to EUGENE DENNIS and had personal discussions with DENNIS on this matter both in New York City and in Chicago. At that time, it was the decision of DENNIS that CG 5824-34 should wait until after BUCK's return to Canada and then go to Canada to discuss this matter with BUCK.

CG 100-33735

CG 5824-Sa stated that the information that BUCK would not return to Canada until after the end of January, 1958, should have been conveyed to DENNIS in order to determine whether this information might in any way alter the decision made by DENNIS. However, this information could only be given to DENNIS by CG 5824-Sa personally. CG 5824-Sa felt that NY 694-Sa could not personally contact DENNIS because of the POTASH case. CG 5824-Sa believes that a matter such as this could only be given to DENNIS by personal contact with him. Outside of NY 694-Sa, no other person should be involved in any way.

However, when this information was received, CG 5824-Sa could not get to New York City much before the National Executive Committee meeting which was scheduled to start on 12/20/57. CG 5824-Sa believed that DENNIS would be so busy preparing for and participating in this meeting that the informant might not be able to discuss this matter with DENNIS. Furthermore, CG 5824-Sa felt that for security reasons it would be well for him to remain out of New York City during this particular NEC meeting, since it was known that a showdown between the Right wing and the Left wing might occur at this meeting.

As the Bureau is aware, the decision to cease publication of the "Daily Worker", the statement of JOHN GATES to the "New York Times", the opposing views on the declaration of the twelve CPs, etc., has brought the factional fight in the CP-USA to a head. CG 5824-Sa further felt that he should avoid making a trip to New York City immediately following the NEC meeting in an effort to avoid the necessity of fully committing himself to either the Left wing or the Right wing. While CG 5824-Sa and the Chicago Division have reached the conclusion that CG 5824-Sa should be aligned with the Left wing, or that faction which will have ties with the CPSU, CG 5824-Sa feels that he should avoid antagonizing anyone in the leadership as long as it is at all possible. Furthermore, CG 5824-Sa is not anxious to go to Russia unless he can go as the representative of the CP-USA and not as the representative of one or a few individuals in the leadership. Also, it would be dangerous to go as the representative of the Left wing before the results of the fight between the Left wing and the Right wing are known. Of course, the Right wing

CG 100-33735

is not anxious to have contact between the CP-USA and the CPSU.

CG 5824-Sa stated on 1/2/58 that he is now of the opinion that he cannot delay a trip to New York City much longer, even though the factional struggle continues on such a high level. Therefore, health permitting, he plans to go to New York City sometime during the week of 1/5/58 to see EUGENE DENNIS. At this time, he would suggest to DENNIS that he make a trip to Canada, even though BUCK has not returned from Russia. The purpose of the informant's trip to Canada would be three-fold:

(1) To inform the LPP of all current developments in the CP-USA, the reason for the cessation of publication of the "Daily Worker", etc. CG 5824-Sa believes that the LPP would convey this information to the CPSU and the current factional struggle within the CP-USA would explain to the CPSU why the CP-USA did not immediately send a representative to the CPSU.

(2) To attempt to obtain from the Russian Embassy in Canada, through the LPP, any information which would clarify the original message.

(3) To arrange to be notified as soon as BUCK returns to Canada so that a meeting with BUCK could be planned prior to the time BUCK becomes involved in reporting the results of his trip to the leading committees of the LPP.

CG 5824-Sa further stated that he should make a trip to New York City soon, in any event, to maintain the pretext that he has to make periodic trips to New York City in connection with the business of NY 694-Sa.

The Bureau will be advised of any pertinent developments in this matter and will be advised when CG 5824-Sa plans to leave Chicago for New York City.

[REDACTED] will go to Montreal for a short visit in a week or two. [REDACTED] will make a trip to Mexico in the spring. He recently met a man from Warsaw (not otherwise identified), and a man and wife from Israel, business people visiting the USA (also not further identified).

In view of the observations set out below, it is felt that consideration should be given to the likely possibility that the letter dated 5/20/56 from [redacted] [redacted] (that was given on 5/23/56 by ISIDORE GIBBY NEEDLEMAN to NY 694-S* for subsequent delivery to the [redacted] through TIM BUCK) was received by the [redacted]

The letter from [redacted] received on 12/23/57 opens with the statement on page 1, paragraph 2 in this letter, "Your letters of May and November...were the first we had heard from you..."

The letter from OSCAR contains the statement that "it would be nice to be able to personally congratulate [redacted] and family." In [redacted] letter to [redacted] mentioned above, [redacted] stated, [redacted] are fine. They now have [redacted] in addition to their [redacted]

In view of the above, it is likely that [redacted] letter to [redacted] which was given on 6/10/56, by NY 694-S* to ELIZABETH MASCOLO to be channelled to the [redacted] through TIM BUCK, was received by the [redacted]
